Board Introduction?

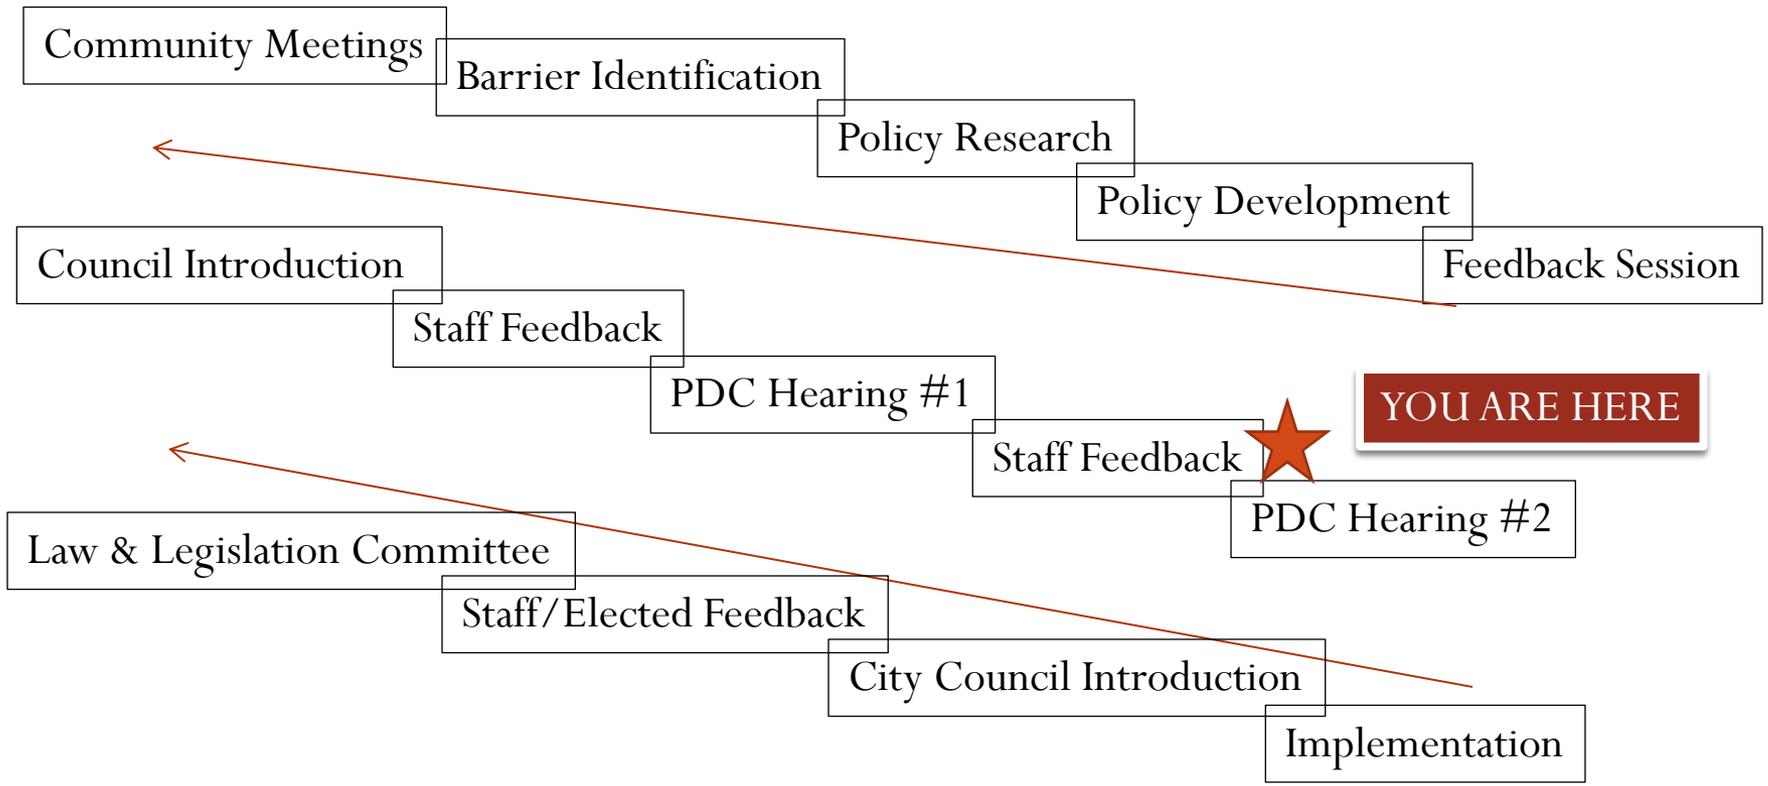

Challenges of County Process

- Resources Devoted to General Plan Update
- Nonurban Supervisor Districts

Estimated Introduction

- Proposal to staff by early December

City Process

City Highlights

- Raising food for sale would be a permitted or accessory use in zones where people work
- No permits needed for small operations
- Low-impact “urban agriculture stands” would be allowed to operate near farms and to sell produce grown nearby*
- Allowance for aquaculture, beekeeping
- City and County working to implement AB 551, so tax breaks might be available for certain lots to house urban ag
